4. Delegate Regina Boyce shared an update: elected officials and volunteers are calling voters to let them know voters need to fill out a request for a ballot – either online or in using the request form they should get in the mail.

Delegate Boyce urged everyone to fill out the census form – it brings federal funds to Baltimore – approximately \$1800/year for ten years. Please ask your neighbors to fill out the census as well.

5. Karen DeCamp shared that the Vaughn Greene Funeral Home has applied to the Maryland Department of the Environment for an air quality permit to install a human crematorium at its site on York Road. The key question for the community is if this a good use in a residential neighborhood in a city with high rates of asthma. The next step is an informational meeting and Karen DeCamp will share details once she gets them with the YRP listserve.

6. Several announcements were shared.
